COMPANY PROFILE

Company Overview

Forede Firefighting Equipment Co., Ltd.

is a leading manufacturer and global supplier of fire-fighting products. Our product range is extensive and comprises of water and foam based fire-fighting products and systems. We have been involved in meeting ever-changing and demanding industry standards, providing a wide range of products, from simple industrial fire protection systems to most complex firefighting skids.

Since company was found in 2003, FOREDEFIRE has evolved and grown from a small factory in the yard with the limited capacity to only make sprinklers, to a sophisticated and leading company. In 2013, FOREDE developed and improved fire monitors, fire nozzles, foam system devices, fire robots etc. Increased production and enhanced quality and cost control to accommodate our continuing growth.

We are an ISO9001: 2015 accredited Company. All products and manufacturing are tested and inspected to ensure the highest possible standards, consistent quality and the very best performance. Many of our products are CCCF approved. At the meanwhile, Our standard response fire alarm check valve have obtained FM approval. In the future, we will get more and more UL, FM certificated for our products.

Our products with wide range and include Fire Sprinkler Systems, Fire Nozzles, Fire Monitors, Foam Equipments, Foam Systems, Fire Hydrants & Valves, General Valves, Fire Fittings, Water Delivery Equipments.

VISION

To be recognized as one of the world's most trusted and innovative manufacturer of fire-fighting products by providing our customers highest quality products that combine performance and advanced technology.

MISSION

Our mission is to provide premium quality security and fire protection products and services through the selected resources and development of technical staff excellence and commit to exceed expectations.

CORE VALUES

These core values reflect what is truly important to us as an organization. They do not change from time to time, situation to situation, or person to person, but rather they underpin our culture.
